

FirstClose is proud to provide lenders access to customizable loan documents that best fit their individual lending needs. Lenders can send, modify, and retrieve loan documents quickly and conveniently.

- All forms are compliant and can be customized per lender
- Eliminate re-keying of borrower information by uploading the mortgage application directly into the document system
- Responsive and pro-active with updates and revisions of forms
- Merge data into the right forms and create custom designed loan packages
- Around the clock technical support
- Cut your document preparation time down to as little as five minutes per loan!
- Advanced Audit feature ensures that your forms are correct every time!

**Create, manage,
store, customize,
and print your
loan documents...**

**Simplify
your day**
