

RELEASE NOTES – 2025.02.06**Settlement Services:**

- **HESIQ-1131 CSC Mapping Coborrower as Grantor** – Our integration with CSC now supports mapping Coborrowers as Grantors. If a file includes a coborrower, their name will be automatically mapped with Recording orders placed with CSC.
- **HESIQ-975 Lender Name Populated on TCR** – Lender names are now automatically populated on completed TCR reports.
- **HESIQ-1042 The Closing Exchange Date Selector** – The time format has been updated in the closing order submission with the provider “The Closing Exchange”. Times are now shown in 12-hour format instead of 24-hour.
- **HESIQ-1077 Consolidated Revision Request Notes** – This item applies to Lenders utilizing the revision request module in FirstClose One. Revision Notes and Order Notes have been consolidated into a single message thread. Revision status updates will now appear in the order notes.

Incident & Bug Fixes:

- **HESIQ-1179 Unable to create Closing Exchange Orders in Staging** – Resolved an issue that prevented the creation of test orders with the provider “The Closing Exchange” in the FirstClose One Staging environment.
- **HESIQ-1139 American Flood Orders Not Completing** – Fixed a bug that prevented the completion of flood orders with the provider “American Flood Research (Data Verify)”.
